Swami Chinmayanandaji's Message

To mould the behaviour of an individual is to mould the character of the community. This is what education strives to achieve. I believe that we can give a purposeful direction to a personality even in the days of its almost unconscious early childhood. Later on, no doubt we must hammer out for the child new extensions and open up new dimensions for its play in the society through literacy, scientific and social studies. Whatever the child is to be later on-say, a political leader, an economist, a philosopher, a scientific scholar or a glorious artist, his contribution to the society will directly depend upon his character and personality.

Today in our country, we find that we have mighty intellectuals equipped to act and to serve. Yet everywhere we find nothing but ineffectual endeavors, crude confusions, a characteristic perversity and a suicidal indiscipline. In short the tragedy of our society today is the tragedy of our indiscipline. I have every hope that you and the dedicated members of the school will tenderly supplement the lack of right home atmosphere under which the teeming children of our country are getting distorted in their general growth.

The present convulsions of behaviour that one observes in all levels of our society can be directly attributed to the unsavoury growth of the real personality in the children. If your efforts can start a new movement of mental growth though this new scheme of giving a right lead for the inner expansion of the growing children, we shall have done a wonderful pioneer work in remaking a nation for ourselves.

SWAMI TEJOMAYANANDAJI'S MESSAGE

There are three main aspects of education viz. imparting information, its practical application and the ideal unto which the acquired knowledge should be dedicated. That system of education which does not prepare its students to live their life in its totality is incomplete indeed. Academic excellence is important but it should be accompanied with the inner unfoldment of the student's personality as well. Or else, it would be a lopsided development defeating the very purpose of education.

Param Poojya Gurudev gave us His Vision of perfect education and now it is our responsibility to work for its total fulfillment. I am aware of the great work being done in all Chinmaya Vidyalayas and I congratulate them for the same. My special thanks to all teachers and principals without whose dedication the Vidyalayas could not have achieved this excellence. May Poojya Gurudev's blessings ever strengthen us to fulfil His vision.

Our Guruji

Param Pujya

Swami Tejomayanandaji

Head of Chinmaya Mission World Wide

Dear Students, teachers, staff and members of management at Chinmaya Vidyalaya Tarapur,

My greetings and best wishes to you all on this New Academic year. Education is truly measured by the extent of transformation that it brings in us. An all encompassing vision, ennobling attitudes and the quality of our actions reflect the transformation that education has effected.

Gurudev's famous line reads, "Through individual transformation alone can world transformation be achieved." Let our education methodology effectively bring in this transformation.

Chinmaya Vidyalayas are called 'Schools with a Difference'. Through your attitude, your service and achievements this year, show the difference that this wonderful Chinmaya Culture has brought in each one of you.

I am sure that Chinmaya Vidyalaya, Tarapur will continue its great work at improving the quality of life in the Tarapur community.

I wish you all a very fulfilling year ahead.

Swami Swaroopananda
Global Head, Chinmaya Mission

Chinmaya Vidyalaya Flag

The tricolour symbolizes love for and pride in our country and its culture.

The globe stands for universal outlook.

Yellow depicts a positive outlook or vision of life.

The Vidyalaya Motto “Keep Smiling” reminds us to face all challenges of life with a smile.

Jnana mudra represents knowledge of life and its purpose.

Swami Chinmayananda’s eternal presence and blessings are characterized by his signature of Om.

CHINMAYA VIDYALAYA MOTTO

"Keep Smiling"

is our motto. This means "Be brave and courageous always, face every experience of life with a smile on your face. In other words, be balanced in life under all circumstances joy or sorrow, success or failure, honour or dishnour, prosperity or adversity. This calmness of mind expresses itself in a smile"

CHINMAYA VIDYALAYA EMBLEM

SIGNIFICANCE

The Chinmaya Vidyalaya has for its emblem, the lamp and the "Hamsa" bird. In the light of the scriptures (represented by the lamp) the discriminative power of the human intellect is to be developed (represented by Hamsa bird). Vedic tradition describes Hamsa as a bird that can drink milk alone from the solution of milk and water. The human intellect with its discriminative power must be able to discriminate between Spirit and Matter and must come to enjoy the Spiritual Essence in the world of names and forms. Thus the emblem indicates that the function of the Mission is to help people in developing ethical values and cultivating in them a discriminative intellect.

CHINMAYA VISION PROGRAMME

A comprehensive Educational Programme is what makes the Chinmaya Education Institutions' school with a difference'. It concretises Gurudev Swami Chinmayananda's vision of education.

Yathaa drishti tathaa srishti-As the vision so the world appears to us.

If man's vision is narrow and disturbed, the world also seems filled with strife. If the vision is broad and love filled, so too is his world.

Chinmaya Vision Programme (CVP) was born to enshrine the philosophy of education developed by Pujya Gurudev Swami Chinmayananda in the heart of every growing child to bring out the best in him or her.

Chinmaya Vision Programme is a comprehensive educational programme for schools which integrates the best in our culture and philosophy of education. It aims at giving children a true vision of life to help them face challenges in a positive and dynamic manner and heartily contribute to society.

The child is the focal point of this programme. The programme also embraces the school management, teachers and parents. Through them, the light of this vision spreads to the society, country and the world at large.

The Chinmaya Vision Programme can be identified under four heads.

It aims at the overall unfoldment and gentle blossoming of the child at the physical, mental, intellectual and spiritual levels of his / her personality.

Physical Development

Physical development is good for health and proper growth of children leading to the optimum expression of their overall well being. This includes physical fitness, nutrition, hygiene, personal grooming, health education, health assessment, prevention and treatment.

Mental Development

Mental development aims at making the child an emotionally balanced personality thereby helps the child to live in harmony with himself / herself in the world. It includes emotional expansion, handling emotions, mental health assessment and counseling.

Intellectual Development

Man has infinite intellectual potential. Intellectual potential aims to help the child manifest his / her inherent intellectual capacities and enhance existing ones, to contribute positively to society and thereby fulfill himself / herself. It inculcates intellectual kindling, independent thinking, aesthetic assessment and guidance.

Spiritual Development

Man is potentially divine. Spiritual development enables the child to discover his / her inherent divinity and manifest it. It is achieved through value education, philosophy, meditation techniques, etc.

Indian Culture

Culture is more than just art forms, festivals and rituals. Culture is the very way of life of a race and their thinking which makes them unique and special. Under this head, the child is given a wide exposure to the various aspects of our rich culture, cultural awareness and appreciation of vast literacy, artistic and scientific heritage of our country, explanation of myths and traditions and cultural motivation, through hobbies and projects etc.

Patriotism

This vital area of focus includes an education in citizenship, civic consciousness, fostering pride in being Indian and National concern such as Unity in Diversity. Patriotism is inculcated in children with the aim of creating dedicated and committed citizens who take real pride in serving the nation.

Universal Outlook

Universal outlook refers to an appreciation, sensitivity and commitment to universal issues. Ancient Indians viewed the world in holistic way, where every being, from the unicellular organism to man, has its own sacred place of pride. After years of mindless pillage of nature, the world needs to come to this universal view of life. The universal outlook helps the child view himself / herself as a responsible citizen of the world (including world issues), live in harmony with creation (environment education and synthesis between science and religion) as well as become aware of being an intrinsic part of the macrocosm.

Chinmaya Vision Programme augments the role of teachers, parents and the management in this ennobling endeavour.

- The teacher is guided into this programme with the help of the CVP Manual, seminars and newsletters. Teachers' assessment scales enable him/her to assess self-worth and effectiveness.
- The parent is gently drawn into the programme through Manuals, parenting workshops, child assessment, self assessment and expert advice.
- The school management through its active participation significantly helps this programme which aims at all-round "man-making" education and not just academics at the cost of other aspects of a child's development.

Thus Chinmaya Vision Programme makes significant breakthrough in the character-moulding and personality development of growing children complementing academic excellence which is what true education is all about.

CVP is not an activity but a vision-inducing programme - the very spirit behind all activities in the Vidyalaya. It is not a 'value add' but the Vidyalaya culture. It is not portion-based, but attitude-based.

CVP is Value Education and Value-based Education. Value Education is when a specific time is alloted for inculcating values through stories, activities, games etc. Value based education is when values are given in and through all the academic subjects and co-curricular and extra curricular activities of the Vidyalaya. CVP is not only value education, but also value-based education.

CHINMAYA VIDYALAYA

"ORGANISATION"

Chinmaya Vidyalayas are run under the auspices of the Central Chinmaya Mission Trust, Mumbai, in different parts of the country. A managing committee consists of the local members of the Chinmaya Mission and other interested people in the cause of education administers the Vidyalaya in each place.

The school has nursery as well as primary classes in most of the centres. Montessori and other modern systems are adopted in the nursery section. In the primary classes, we follow the curriculum of other recognised schools. The medium of instruction is English.

A growing child, individually unfolds over the years. Stage by stage his awareness and understanding ability and capabilities unfold as he becomes more and more aware of our world and gradually he moves from dim consciousness of infancy through the dreamy days of childhood, to the intellectual awareness of adolescence

We should assist in this awakening process in the healthiest possible way by bringing to the child the right kind of educational nourishment. This is what Chinmaya Vidyalaya is aiming at with sincerity in the best interest of the children and their future and beyond adulthood.

AIMS AND OBJECTIVES

1. To offer children a value based and holistic education, which paves way for an integrated development of the physical, mental, intellectual and spiritual aspects of the personality, which is enriched by the knowledge of Indian culture and enhanced by patriotism and a universal outlook.
2. To give a practical and judicious combination of academic excellence, extra-curricular pursuits, character building and personality development.
3. To mould children into young men and women of moral strength who can face the challenges of modern life with a smile and make a difference in the world by their positive contribution.

The Vidyalaya is managed by the Chinmaya Mission, Tarapur, on behalf of the Central Chinmaya Mission Trust, Mumbai.

SALIENT FEATURES OF THE VIDYALAYA

1. Medium of instruction : English
2. Moral Education integrated in the curriculum
3. Continuous and comprehensive evaluation from Std. I to Std X
4. Individual attention for slow learners.
5. Remedial measures for the needy
6. A high order of discipline
7. Scholarship to the deserving
8. A team of highly qualified and well experienced teachers
9. Computer Education
10. Audio, video, Computer Aided Learning
11. Co-curricular Activities (Housewise)
12. SUPW (Socially Useful Productive Work) Activities (VI to XII)
13. Adequate importance given to sports.
14. Mathematics Laboratory.

SCHOOL DISCIPLINE

1. Entrusting a pupil to this Vidyalaya implies that parents / guardians agree to abide by the rules of the school. They are therefore requested to read these rules carefully and see that their children also abide by the same.

2. Every student will be provided with a copy of the Vidyalaya diary. All communications of a routine nature from the Vidyalaya authorities will be through this diary only. The diary should be brought to the Vidyalaya everyday. The diary should not be used as a rough book and the pages there in should not be torn.

3. We would request parents to impress upon their wards the need to come to school on time, in proper uniform. If the child is dressed in a clean and neat uniform with the hair neatly combed and the nails clipped and cleaned, it would build up the child's self esteem.

4. All parents, including those of the KG children, should leave their wards at the main gate of the school and are not to accompany them to their class room. This would encourage independence and responsibility amongst the children.

5. No private vehicles would be allowed inside the campus. The parents who bring cars, jeeps or vans are requested to park their vehicles outside the main gate in an orderly manner so as to ensure smooth flow of traffic.

6. The two gates of the Vidyalaya would be closed by 07.30 am. No child will be permitted to enter after 07.30 a.m

7. No child will be allowed to leave the school premises during the working hours. Parents who wish to take their wards during the working hours will be required to send a leave letter to the class teacher stating the reason. The letter should be signed by the class teacher and counter signed by the Principal.

8. No leave of absence can be availed of without proper sanction in writing, except in case of emergency. When a child has been absent on account of illness, a medical fitness certificate must be attached to the leave note

9. Students suffering from any infectious or contagious disease will not be allowed inside the Vidyalaya.

10. It would be our effort to organize Parents-Teachers Meetings regularly where parents could meet the teachers and assess the performance of their wards. Parents desirous of meeting the Principal or teachers on any other occasion may do so after fixing up a convenient day and time with the school office. We would request you to avoid contacting the teaching faculty at their residence address (either by phone or in person) until or unless the matter is very urgent. Instead you can make it convenient to meet them at the Vidyalaya as said earlier. Parents are requested to use the main entrance and meet the teachers at the reception area near the office, and **not to proceed to the class room.**

11. Parents are requested to inform the class teachers about any change in their address or telephone numbers so as to facilitate quick communication in times of emergency.

12. Students are **not permitted to:**

    a)wear gold chains, long, big gold ear rings, fancy ornaments, rings, nail polish, bangles, anklets, flowers or fancy frills on their hair.

    b)bring costly, fancy articles.

    c)distribute sweets/toffees/gifts on their birthday in the school premises.

    d)bring power driven vehicles to the school on any day.

    e)bring mobile phones to school.

    f)Boys are not allowed to keep their hair long or wear dhotis to school.

    g)Senior boys are not allowed to grow beard. Being clean and neatly shaven enhances the personality and builds up self esteem.

13. On meeting teachers, whether inside the Vidyalaya or outside students should greet them with 'Hari Om'. Politeness and courtesy are expected from children.

14. Students should conduct themselves both inside and outside the Vidyalaya with dignity and decorum. They should remember that the reputation of the institution lies in their behaviour.

15. Students are expected to take care of the school property. Damages caused to the Vidyalaya property will have to be paid for.

16. Only vegetarian food should be brought to Vidyalaya. The dining place should be kept clean after food. Children should not litter food in the school premises.

17. Children should move from one class to another in silence, in an orderly manner. Their movement should not be a hindrance to the other classes.

18. No collection of money by students is permitted without the prior sanction of the Principal.

19. .Any violation of discipline or of the high ideals for which our Vidyalaya stands for will involve disciplinary action which may include even dismissal.

20. The Vidyalaya reserves the right to dismiss a pupil on grounds of irregular attendance, disobedience to teachers and any kind of malpractice or objectionable behaviour or conduct, not in keeping good tone of the school inside the premises or elsewhere.

21. The CBSE's new assessment policy recommends a continuous assessment scheme which also includes conversational skills. Performance in these tests have proved that students who habitually converse in English have fared better than the others. Hence it becomes all the more obligatory for all the students to converse only in English.

22. Students of one class are not allowed to enter other class rooms during intervals.

23. It is compulsory for the students to attend functions organized by the Vidyalaya for the celebration of Independence Day, Republic Day, etc.

24. The Vidyalaya lays great emphasis in inculcating family values which strengthen the family bonds and glorify Indian Culture. Hence if students are to respect school rules, parents must set an example by attending all Parent-Teacher meetings and special Poojas such as the Mathru Pooja where attendance is compulsory.

25. Class promotions are on the basis of the whole year's performance of the pupil. The results declared at the end of the academic year are the final. The Report Cards send to the parents from time to time should be duly signed and returned within two days failing which the student will not be permitted to attend classes.

The Management reserves the right to amend, delete, modify or substitute any of the standing rules.

CASH AWARDS / PRIZES

GEETHA RECITATION ENDOWMENT.

Brahamaleen Poojya Gurudev, Swami Chinmayananda, spent his entire life in propagating the values of Srimad Bhagavat Geetha throughout the world. He was very particular that all students studying in Chinmaya Vidyalayas throughout the country should learn the Geeta by heart.

The Scheme helps the students to benefit financially provided their parents encourage their wards to learn the Geetha at home.

Eventhough memorising the seven hundred and one stanzas will in itself be a commendable achievement, the meanings of these verses so studied by heart, will be gradually assimilated by them as they grow, and by living the way of life so studied will integrate their personality, and purify their lives as they advance in age. Thus the students of our Vidyalaya, when they eventually face the challenges of life, will prove to be the best examples of our national heritage and culture worthy of emulation.

THE SCHEME

Any student of Standard KG to XII is eligible to take part in the Geetha Chanting competitions which are held 3 times a year (July, September, and November)

Chanting has to be done to the tune set by Chinmaya Mission. The schedule of competition is given in the table below.

The attention of pupils and parents is drawn to the following rules of discipline

1. Regularly and implicit obedience are expected from pupils in the school for strict observance of the rules of C.B.S.E.

2. Politeness and courtesy of speech and conduct, as well as cleanliness in dress and person are expected.

3. Pupils must realize that they are responsible to the school authorities not only for their conduct in school, but also for the general behaviour outside. Any reported or observed objectionable conduct outside school on the part of pupils shall make them liable to disciplinary action.

Behaviour that will warrant disciplinary action:

1. Disciplinary action even to the extent of dismissal may be considered, in the event of misconduct causing injury to others, or causing damage to the physical or moral tone of the school.

2. To inculcate responsibility and respect, children are expected to take care of school property, help keep the premises clean and preserve all materials and books carefully.

3. The students are requested not to participate in any commercial activity (tuition, collection boxes, gifts) with any school staff for any reason, unless authorised by the Principal in writing.

4. No pupil may leave the school premises during working hours inclusive of school recess, without written permission of the Principal.
